CONSULTATION £50

Redeemable against any treatments undertaken or skin care products*

*If you are medically unsuitable to undertake treatments a full refund will be issued at your consultation.

MEDICAL FACIALS

For those first time clients wanting to try something stronger than their usual treatment regime, for younger clients wanting to prevent ageing signs and for exsisting clients wanting to enhance results

Level 1 Perfect MESO glow peel £150

Medical grade peeling agent to smooth and soften the skin, refine the pores, combined with vitamins, anti-ageing serums using a Mesotherapy technique to infuse products into the skin's surface

Level 2 Perfect power booster facial £350

A syringe of powerful skin booster vital filler, vitamins, anti-ageing and antioxidant agents for hydration to smooth out fine lines and wrinkles, combined with a medical derma roller and derma pen machine to focus on problematic areas on the skin

MEDICAL PICK ME UPS

Level 3 Relax and refresh £280 (normally £330)

Combine 2 areas of muscle relaxing injections to the face and or neck with an ultimate glow peel, no downtime or irritation after so perfect for a youthful fresh glow, helps better absorption of skin care products and removes dead skin cells

Level 4 Lift and refresh £330 (normally £380)

Combine 1ml of any Hyaluronic acid filler of your choice with an ultimate glow peel

power booster facial and muscle relaxing injections combined therapy

PLEXR TREATMENT SOFT SURGERY

What is Plexr?

Plexr is a cordless hand operated micro-surgical device that transfers concentrated heat to the treated skin tissue. It uses the difference in voltage between the device and the patient's skin, generating a small electrical arc, similar to a lightening. Plexr ionises the existing gases in the gap atmosphere (that would be the space between the needle tip and the patient skin) producing plasma. The small lightening sublimate the fluids contained in the superficial part of the skin, without unwanted heat transmission to the adjacent tissues. Additionally it acts on the superficial layer of the skin preserving the lower layers, which reduces drastically any potential permanent skin damage that could be caused by the misuse of conventional lasers.

Suitable for excessive eyelid skin, non-surgical blepharoplasty, under eye rejuvenation, smoker's lines.

ACNE AND SCAR MANAGEMENT

As a specialist Frances understands the impact that acne and acne scarring can have on an individual using a combination of skin peeling, derma roller, skincare products and in some cases prescribed antibiotic therapy. All consultations are complimentary and a treatment plan will be devised for your individual needs.

scar management

BEFORE AFTER

Advice on skin and to help manage acne can also be given from Suisse Absolue and Neostrata.

TERMS AND CONDITIONS

CANCELLATION POLICY

Whilst we are reluctant to charge for any cancelled or 'no show' appointments, this is having a detrimental impact on our services to clients who are on the cancellation list and who cannot be accommodated due to lack of notice/no notice being given to cancel.

As a result if you fail to provide 24 hours notice to cancel your appointment there will be a £50 charge. If your appointment was a complimentary top up following dermal fillers or muscle relaxing injections you will lose this service. If the £50 charge cannot be paid, one of your treatments may be deducted from your course if applicable.
