Before

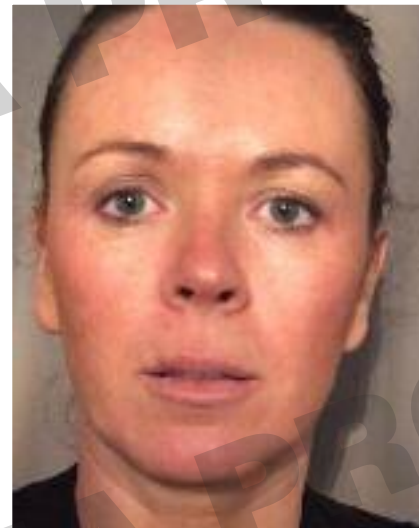

“ After being told by a Consultant Dermatologist in the NHS that I had prematurely aged and damaged my skin by 20 years older than my actual age, I was devastated. I always enjoyed having a year round tan so regularly used sunbeds. My reason for being with the Dermatologists was to receive treatment for skin cancer, thankfully I was treated successfully, as you can imagine I wouldn't dream of using a sunbed again! However once my tan had faded, I looked in the mirror

and didn't like what I saw looking back at me, tired, dull lifeless skin, deep lines in my forehead and a heavy looking face.

I was recommended by my work colleague to see Frances Furlong of Perfect Skin. Frances specialises in facial aesthetics and I certainly needed a whole face and skin makeover. I was very impressed with my consultation and Frances gave me a realistic plan and timeframe to achieve my desired goals, as you can see from my results I have achieved a lot in 6 months.

I am now a client for life, thank you Frances.
